Englewood, CO:

Section 511 Public Safety Radio Amplification. (Amended by adding a new Section to read as follows)

a. 511.1 Scope. These provisions shall apply to:

- 1) New building and structures greater than 50,000 square feet or additions and/or modifications of 10 percent re-model or alteration of existing structure which cause the building to be greater than 50,000 square feet.
- 2) All basements over 10,000 square feet when the design occupant load is greater than 50, regardless of the occupancy.
- 3) Any building that creates a "special hazard" for emergency services communication in addition to the normal hazard of the occupancy.
- 4) Any building additions or remodel work involving 20% of the building.
- 5) As required by the Fire Official.

b. 511.2 Area Separation Walls. Area separation walls cannot be used to define separate building.A
